

Berkeley Free Clinic Berkeley, California

Program Overview

The Berkeley Free Clinic, established in 1969, is a nonprofit clinic in Berkeley, California that provides screenings, cleanings, x-rays, fillings, extractions, and oral health education to its clients free of charge. Direct services are provided almost entirely by volunteers. Due to limited capacity, the clinic uses a lottery system, in which only lottery winners receive dental care. The clinic focuses on underserved populations, including individuals without insurance and the homeless.
