

CDA Cares

Multiple locations throughout California

Program Overview

CDA Cares, a volunteer dental program hosted by the California Dental Association (CDA) and the CDA Foundation, was established in 2012. The volunteer events are held in different communities and provide dental services at no charge to thousands of individuals who experience barriers to care. Volunteer dentists, dental and health professionals, and community volunteers work together to provide cleanings, fillings, extractions, limited full and partial dentures, and oral health education.
