

Lucy Corr Dental Clinic Chesterfield, Virginia

Program Overview

Lucy Corr Dental Clinic, established in 1970 and located in Chesterfield, Virginia, is part of Lucy Corr Village, a continuing care retirement community. The Dental Clinic, in partnership with the Virginia Commonwealth University School of Dentistry, serves as a preceptor site for the rotation of dental and dental hygiene students. Volunteer dentists, dental hygienists, and dental assistants provide services free of charge to underinsured and uninsured geriatric patients. Services offered include screenings, cleanings, periodontal care, fillings, extractions, dentures and partials, care coordination (scheduling appointments), and oral health education. Additionally, the clinic arranges screenings and oral health education at partnering geriatric programs, where individuals seen at different program sites receive support in scheduling appointments at the Lucy Corr Dental Clinic. The Dental Clinic treats older adults (65 years and older), including Lucy Corr Village residents.
