

The Mighty Mouth: Social Marketing Campaign to Improve Oral Health of Older Adults

Multiple locations throughout Washington

Program Overview

The Mighty Mouth Social Marketing Campaign to Improve Oral Health of Older Adults launched in 2014 in the state of Washington. Sponsored by the Washington Dental Service Foundation, the educational campaign uses social media, local media (earned and paid), a website, partnerships, and events to improve the oral health of adults (ages 25 and older). The goals of the campaign are to improve the oral health of older adults and increase awareness about the importance of planning for oral care in retirement (since Medicare does not include dental benefits).
