

Mind Your Mouth Campaign

Multiple locations throughout Washington

Program Overview

The Mind Your Mouth campaign, established in 2011, is based in the state of Washington. The Washington Dental Service Foundation runs the campaign. The foundation, with the help of partners, uses a variety of dissemination techniques, such as local media, direct mailings, and teleconferences, to provide oral health education on dry mouth. For example, the program sent an educational mailer to approximately 400,000 low-income households that included a coupon for dry mouth products. It also hosted an educational teleconference that had 14,000 attendees. The campaign targets older adults, caregivers, pharmacists, and providers who treat older adults.
