OneWorld Community Health Centers, Inc.
Omaha, Nebraska

Program Overview

OneWorld Community Health Centers, Inc., established in 1970, is a federally qualified health center based in Omaha, Nebraska. Services include emergency care, screenings, cleanings, x-rays, fillings, extractions, and root canals. The center targets low-income children and adults. It also partners with Ronald McDonald Charities—Omaha to operate a mobile dental service that reaches children in school settings.
