

Senior Dental Health Program

Multiple locations throughout Wyoming

Program Overview

The Senior Dental Health Program, on hold until July 2016, was operated by the Wyoming Department of Health and provided 75 percent of dental provider's fees for low-income older adults (65 years and older) in the state. Individuals who submitted an application and were approved by the Oral Health Program were only responsible for the remaining 25 percent of the dental provider's fees. The maximum benefit was \$800 in any calendar year when funds were available. As of March 2016, this program was undergoing a major reconstruction and transitioning to the Wyoming Department of Health's Aging Division.
