

## Senior Smiles (ADA)

### Multiple locations throughout the United States

#### Program Overview

The Senior Smiles program was launched by the Alliance of the American Dental Association in 2006. This oral health education and awareness program reaches older adults in 35 states. The program's education efforts focus on the importance of good oral health and hygiene, and the program provides educational materials and dental health products in kits. The program has distributed nearly 40,000 kits to older adults around the country.
