

UNC Dental Student Health Action Coalition Chapel Hill, North Carolina

Program Overview

The Dental Student Health Action Coalition (SHAC), established in 1967, is located in Chapel Hill, North Carolina. SHAC only treats individuals who have been chosen using a lottery system; the clinic does not treat individuals on a first-come, first-serve basis. Services include emergency care, screenings, cleanings, fillings, and extractions. The clinic aims to treat all incoming individuals in need of care but is limited by capacity. The purpose of this program is two-fold: individuals who need dental care receive increased access to services, and dental students receive clinical experience.
